AAMA2604-13

Showcasing the expansive capability range of Interpon Powder Coatings, the **Interpon D2015 Ultriva™** Collection offers just a taste of the design, color and finish options open to architects, interior designers and specifiers for the decoration and protection of architectural aluminium.

Offering four distinct ranges the collection oscillates from the modern, timeless hues of the Contemporary Metro ex-stock range to natural, industrial and effervescent inspired custom made finishes and tones.

Interpon D2015 Ultriva: Ultra durable performance for all architectural projects

Whether making a statement with color, searching for quality, or satisfying durability requirements **Interpon D2015 Ultriva** meets the needs of the most demanding projects. Developed specifically for architectural components the range is ideal for both exterior and interior aluminium applications from curtain wall extrusions to balustrades and louver systems.

Providing ultra protection from the elements the range exceeds global weathering standard AAMA2604-13, guaranteeing excellent color retention and high resistance to chalking. Exceptional endurance to environmental stressors including high levels of UV radiation, humidity, heavy pollutants and extreme temperatures are achieved through ultra durable polymer technology engineered to withstand the weathering extremes of Australia and New Zealand.

Available in a wide range of finishes and gloss levels including our unique Précis™ anodized look for the first time, we are constantly seeking to expand our finish capability to service every design requirement while ensuring the quality, durability and performance of our coatings continue to set industry benchmarks.

Guaranteed up to 20 Years Gold Global Warranty* the **Interpon D2015 Ultriva** range is perfect for pre-formed aluminium components such as curtain wall extrusions and panels, window and door systems, balustrades, exterior lighting fixtures, fencing and other aluminium sections.

Custom Made Colors: Guaranteeing your color freedom

Featuring pearl, metallic, textured, matt, and high gloss finishes this collection aims to inspire your world of color without limitation.

Showcasing the capability of Interpon Powder Coatings, the three custom made color ranges of Raw Harmony, Natural Luminance and Color Vitality are indicative of the types of colors and finishes available in D2015 Ultriva technology.

Once you've found the perfect color take advantage of our industry leading color match service. Capable of matching nearly every conceivable color from almost any source, Interpon offers rapid service with a near perfect accuracy record, ensuring the right color for your project, fast.

Furthermore, no project is too small for our capability with both custom and ex-stock colors available in quantities as small as 20kg (coats approximately 140m²) available through our **MiniB™** and **MiniB Micro** services.

Track Record

Having supplied powder coatings to the Australasian architectural aluminium market for over 30 years Interpon Powder Coatings has built an enviable track record of projects across the region forming enduring relationships with Australian and New Zealand architects, designers and specifiers.

Take advantage of high quality products, a leading warranty program and unrivalled color capability with Interpon Powder Coatings.

Interpon D2015 Ultriva at a glance:

- **Ultra durable performance for all exterior and interior architectural projects**
- **Contemporary Metro - 20 color ex-stock range of our most popular neutral hues**
- **Meets global architectural specification AAMA2604-13**
- **Up to 20 Years Gold Global Warranty* when applied by an Interpon D Approved Applicator**

Upgrade to Premium **Interpon D3020 Fluoromax**

When unparalleled premium performance is a must for your project, **Interpon D3020 Fluoromax** based on Fluorocarbon technology is the product of choice. Meeting AAMA2605-13 specification **Interpon D3020 Fluoromax** offers premium color and gloss retention with superior weathering performance. A viable cost effective and environmentally conscious alternative to liquid fluorocarbon paints can be achieved without performance compromise. For more information contact the Interpon Customer Care Team or visit Interpon online.

Sustainability

Having long recognised the importance of sustainability, EVERY COLOR IS GREEN in the **Interpon Ultriva** range. Our entire range of Interpon D architectural powder coatings produce minimal product waste, low emissions and contain no volatile organic compounds (VOC's) or toxic heavy metals.

Solvent free and recyclable, our powder coatings offer an environmentally sustainable and cost effective option to alternatives such as liquid paints.

As a manufacturer we are constantly sourcing more sustainable and renewable raw materials and energy resources from our suppliers. What's more, we are focusing significant R&D efforts on reducing future energy requirements at every stage of the process.

GBCA Green Star Credits

Our complete Interpon D range of architectural powder coatings are eligible for several GBCA green star credits, please consult the applicable product technical datasheet or contact the Interpon Customer Care team for more details.

Global Warranty

Interpon D architectural powder coatings are performance guaranteed with a full global warranty when applied to aluminium by an Interpon D Approved Applicator.

AAMA2604-13

Interpon D Approved Applicators are assessed and selected on our extensive evaluation process ensuring the most stringent criteria is met to guarantee the application of our powder coatings are in accordance with global industry standards.

Interpon D2015 Ultriva features guaranteed 20 Years film performance and 15 Years color retention ensuring your project maintains its aesthetic and functional value.

For a complete list of Interpon D Approved Applicators contact the Interpon Customer Care Team or go to **www.interpon.com.au** for Australian Approved Applicators or **www.interpon.co.nz** for New Zealand Approved Applicators.

How to Specify Interpon Powder Coatings

Once you have chosen Interpon Powder Coatings, it's important to specify the correct product. We make specifying our powder coatings easy, simply:

1. Nominate the Interpon product, e.g Interpon D2015 Ultriva
2. Nominate the color, finish and product code, e.g. Charcoal Pearl Matt YY237A

Please contact the Interpon Customer Care Team for additional specification support and advice.
